## A "North Land" Vacation

Two wondrous creations—the steamship "North Land" and the Great Lakes it plies upon now combine to give you the greatest of all vacations, from the standpoint of scenery, health, rest, re-energizing midlake air.

First sailing of the S. S. "North Land" from Chicago to Buffalo, Saturday, June 17. Returning first sailing from Buffalo, Tuesday, June 20. Stops made enroute at Cleveland, Detroit, Mackinac Island, Harbor Springs and Milwaukee, in both directions.

The "North Land" will leave Buffalo every Tuesday, returning from Chicago every Saturday thereafter during the summer season.

Optional arrangement — all through tickets reading via rail lines between Buffalo and Chicago in either direction good via S. S. "North Land" upon slight additional payment.

Double the pleasure of your vacation by seeing Glacier National Park, too, this summer.

Get the Folder — Write Today. There is a folder, containing a complete description of this trip, awaiting a letter or post card from you. Full information about the Glacier National Park trip, if you wish it. Write today to

## GOOD-BYE, CIGAR!

No More Campaign Souvenirs Under New Expense Law.

Restricts Candidates' Spending; Jail and Fine Penalties.

Washington, Aug. 4.—A corrupt practices bill introduced by Senator Owen of Oklahoma, placing rigid restrictions on money spending by candidates for office, has run the house gauntlet successfully, and with the administration's solid support, is waiting today to be pushed in the senate so as to be effective for this year's presidential and congressional election.

"You can't buy a cigar for an old-time constituent under that bill," asserted an indignant house member as the measure was about to pass there. Its friends declare it makes slush-funds, jack-pots, and expenditures out of the reach of the ordinary man, impossible.

Under penalty of a fine up to \$10,000, imprisonment of not less than a year, and—in the case of a candidate for office illegally elected under its provisions—disqualification for his office, the bill forbids candidates to promise offices in return for support; expenditures other than costs of meetings, literature, and other specified items; corporations or their officers to contribute to a campaign fund; importing money into a congressional district to affect the congressional election; newspapers to run "puffs" without labeling them "paid ads"; withdrawal of ads or patronage from a newspaper because of a political stand.

**President Can Spend \$50,000.**  
A president may not have more than \$50,000 spent to obtain his nomination; a vice president is limited to \$25,000. A senator may spend \$15,000 for nomination or election; a congressman, \$2,500.

In addition, the national committees may spend \$400,000 for their presidential tickets; and the national congressional committees the same amount. National officers are criminally liable if more is spent.

No money over \$50 may be spent by any individual for a candidate, acting for himself alone.

When individuals organize into clubs, they must register with the clerk of the house of representatives, keep a public account of all funds received and paid out and twice before and once after election file these expense accounts at Washington.

The total any man may spend, whether as an individual or as a club member, or both, is \$5,000.

The fine and imprisonment clauses are not discretionary with the court. Anyone found guilty must be imprisoned one year. Convicted candidates too must lose the places to which they were illegally elected.

Witnesses who testify for the state are granted full immunity, except for perjury, committed in the act.

Each and every person who handles, receives, or pays out money illegally under this act, is individually criminally responsible.

## SMOOTHING THE BUMPS

Rough Places at Street Crossings Surfaced With Asphalt.

Through an agreement between the Topeka Railway company and the city, asphalt paving is replacing brick between street car tracks at a number of intersections on Kansas avenue and Quincy street. Half a dozen intersections have already been surfaced. They include the crossing at the Union Pacific station, the crossing at the north and south approaches of the Melan bridge and intersections at Fifth and Kansas avenue, Seventh and Kansas avenue and Seventh and Quincy street.

Brick paving at the south approach of the Melan bridge also is being covered with asphalt. The asphalt paving will extend over the two south spans of the bridge and will give the entire structure an unbroken asphalt pavement.

A strip of asphalt pavement sixteen feet wide has been laid in the center of East Fourth street between the Berkson, Topeka & Santa Fe tracks and Branner street. A similar strip of paving is being laid on East Eighth avenue between Johnson street and the Santa Fe tracks.

The work is in line with a policy recently adopted by the street department, looking toward the elimination of rough surfaces on streets frequented by vehicles.

Asphalting of intersections between street car tracks is paid for by the railway company although the work is done under direction of the city engineer.

## ITALY LOSES TWO SUBS

Sent on Mission, Submarines Never Returned; One Probably Captured.

Rome, Aug. 4.—The loss of two Italian submarines is officially announced. The statement says that the undersea craft, "Left with others on a mission to the enemy coast a long time ago. As they have failed to return they are considered lost."

A Vienna dispatch of August 3 reported the capture of an Italian submarine by the Austrians in the North Adriatic. It was stated the submarine, which was one of the largest owned by Italy, was almost unscathed and her crew had been taken prisoners.

## USE MORE TOBACCO

"The Weed" Becomes More Popular in Oklahoma Revenue Report.

Oklahoma City, Ok., Aug. 4.—More cigars, cigarettes and pipe tobacco were smoked in Oklahoma and more chewing tobacco used than during the previous corresponding period, according to a report for the fiscal year just ended, which was issued by Hubert L. Bolen, collector of internal revenue for the district of Oklahoma. The report also stated that at least 500 more tobacco dealers paid special taxes.

Only twelve physicians, dentists and veterinarians subject to the narcotic provision of the "war tax" act have not paid their taxes, according to Mr. Bolen. They will be given thirty days of grace, if they have been ill or away from their places of business and make proper application for leniency. Otherwise, a penalty of 50 per cent will be assessed.

**LOCAL FIREMAN FORTUNATE**

Mr. Roy Meek, fireman at Agard's planing mill, after months of suffering and the loss of much time, is at last free from pain.

"I have lost much time in the last year—was in bed at times and the pains were severe, due to rheumatism. Nothing would relieve me. Hazlett's Wild Cherry Compound, after three weeks' use, has relieved me of all the pains and I am now at work. I think it is a great medicine for rheumatism." Mr. Meek lives at 222 Jefferson. You should, in justice to yourself, investigate the merits of the crude herb compound—a medicine that benefits all who try it. At C. Klingaman & Co., 120 E. 8th St., will sell a few days three one-dollar packages of this meritorious compound for one dollar. Same will be mailed you on the receipt of price. You should be fair with yourself and investigate. Fear only makes life miserable. Hazlett's Wild Cherry Compound is truly a most wonderful medicine.—Adv.
